

# CITY OF LODI

## COUNCIL COMMUNICATION

AGENDA TITLE: Contract Award for Construction of Berms and Transformer Pad (EUD 92-9)

MEETING DATE: January 6, 1993

SUBMITTED BY: Electric Utility Director

**RECOMMENDED ACTION:** That the City Council adopt the attached resolution awarding the contract for construction of oil containment berms and transformer pad to the low bidder, Case Construction Co., Inc., Lodi, California in the amount of \$45,153.00.

**BACKGROUND INFORMATION:** On December 3, 1992, the City Council approved specifications and authorized advertisement for bids. Bids were opened on December 22, 1992 with the following results:

Case Construction Co., Inc.	\$45,153.00
H. Max Lee, Inc.	55,300.00
Neth Construction, Inc.	58,670.00
Diède Construction, Inc.	64,882.00

The oil containment structures will be installed at McLane Substation around oil-filled electrical equipment to confine an oil spill or leak. Recent Environmental Protection Agency regulations require that equipment storing oil in volumes, as in this case, be equipped with a confinement system that will prevent an oil spill or leak to extend beyond the immediate area of the equipment and not migrate into the soil, the water table or the site drainage system.

The transformer pad will be constructed for the recently purchased McLane Substation No. 1 bank transformer.

**FUNDING:** Included in the Department's 1992-93 fiscal year budget

  
Henry J. Rice  
Electric Utility Director
